

REMARKS

Applicants respectfully request reconsideration of the claims. Claims 1 and 6-16 are pending. Applicants respectfully request reconsideration and withdrawal of the pending rejection under the judicial doctrine of obviousness-type double patenting.

Obviousness-Type Double Patenting Rejections

The Examiner rejects the claims under the judicial doctrine of obviousness-type double patenting in view of claims 1-7 and 14-16 of U.S. Patent No. 6,043,259 in view of Goodman & Gilman's The Pharmacological Basis of Disease (Hardman et al., 9th ed.). While not acquiescing to the rejection and in order to expedite prosecution, Applicants submit a terminal disclaimer to U.S. Patent No. 6,043,259 to obviate the obviousness-type double patenting rejection.

In view of the foregoing, Applicants respectfully request removal of the obviousness-type double patenting rejections.
